Puducherry	10.7	79.7	12.0	79.9

BL = Bottom-left corner (south-west), TR = Top-right corner (north-east). These are simple rectangular bounding boxes around irregularly-shaped administrative borders, so a box may include slivers of neighboring states — suitable for coarse regional filtering, not precise polygon-level checks. Jammu & Kashmir / Ladakh's northern and eastern extents reflect administrative/de facto boundaries; parts of this border are internationally disputed.
